## Student Feedback

2022

25.3.2022

I joined ABBS in 2018 with an outlook of learning about my triple major, especially microbiology! It's been a journey like a roller coaster ride but at the end very thankful to all the teachers and very grateful to be a part of ABBS.

Working life can be really hectic though. I'm working at Indegene right now and my lab practicals come to use and I'm proud of being a part of ABBS.

Regards,

Tamanna Poddar

## From an X-Student of Acharyan!

EGO! PLEASURE (in air)

After I came from Acharyan, I still feel like walking through the corridors and lanes.

One Single feeling that "I AM AN ACHARYAN" itself, still gives me goosebumps. Still I feel like walking through the corridors and lanes.

The Institute made us capable of surviving sustaining in this bitter world by ourself. It made us strong.

Talking about our teachers is not required as I feel whatever I am today, whatever I know is due to my teachers after my parents, we got educational moral as well as emotional support from them.

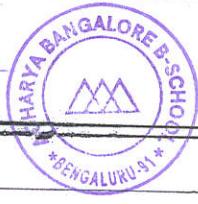

Talking about lanes, then I will say its in the hands of we students to make use of the lanes rather than repenting what is not there.

Above all every now and then I try to find excuses to be a part of Acharya again...!

90) Sarosij Banerjee  
[Working]

At present

I would like to share my experience in Acharya. When I joined I remember I had to present a seminar on Chromatography. My first seminar was horrible; but today I present seminar in front of high profile personnel in the industry related to the field of Molecular Biology and Biochemistry & find that I am more updated in this field than them.

This change has happened only due to the fact that the type of education that I have received from this Institute.

I thank this institute for providing and guiding me the correct education in true sense; which helps us to build our tomorrow.

I myself feel proud to be an alumnus  
in Acharya Institute of Science. I  
feel myself to be great to have my  
PC in Acharya Institute of Science.

The college has provided an excellence  
education as well as an very good  
infrastructure compare to other colleges.

But laboratories are also well equipped.  
But we feel to be an PG holder  
in Acharya Institute of Science. At last  
i m grateful to college and faculty  
who ad made us to complete our PG  
Courses without any interruption.

I started studying my Post graduation in Acharya Institute of Science, and was very lucky to find a great serving faculty which helped me to gain my PG at good percentage. Apart from education, extra curricular activities held by the institution were excellent. I personally feel, The institution will help for further coming students in all forms. I am very happy to be student of Acharya Institute.

I find myself to be privileged to be an alumini of Acharya Institute of Sciences. The Institute has helped many including myself in developing excellent skills in catering the demands of the current society apart from academic excellence.

The dedication of the faculty in improving students overall ability is an example by itself. The institution helps the pupil to bring his hidden talents to light. I feel very strongly that gentle men are moulded in this institution.

2018

It was nice studying over here.  
It was my 5 wonderful years  
in Acharya. I got to know and  
learn many important values of life  
from this institution. This institute  
was a second home for me.  
This institute has given me all the  
required knowledge and skills to  
flourish and work in this Biotech  
industry. Our teachers were very  
caring and supportive. I miss the  
5 beautiful years of my life.  
Proud to be an Acharyan.

Pawan Shah.

This hostel was a wonderful experience studying here. I Learned many things, through my professor's and got to know about many new subjects. My professor's till date are in contact and are very supportive and helping me in my life.

The University met one of the best friends and professors here. Thanks to my college. I miss my labs and the practicals which was fun performing with ~~all~~ my class.

I also would like to thank non-teaching staff for their help whenever I needed them.
