ACADEMIC PLANNING

2016-2021

Abstract

Academic planning is done in each department for the program offered. The departmental advisory committee review the syllabus and decide on the curriculum delivery system and subject allotment. The concerned faculty will prepare the lesson plan and course file for initiating the course. Based on the entries of the academic plan the Calendar of events is prepared indicating the internal test schedule etc.

Sl. No	Details	Page No
1	Flow chart and Academic planning	3-5
2	Advisory committee meeting	6-16
3	Academic plan	17-26
3	Subject allotment	27-33
4	Lesson plan	34-61
5	Time table	62-73
6	Bridge course	74-106
7	Internal assessment and Fast learners and slow learners	107-112

FLOW CHART OF ACADEMIC PLANNING 2016-2021

ACADEMIC PROCESS: ABBS DEPARTMENT OF MANAGEMENT- UG
Bachelor of Business Administration

ACHARYA BANGALORE B SCHOOL

Department of Computer Science Procedure for Academic –Administration

ACADEMIC PLANNING 2019-20 ODD SEM

STEP 1:

- Collect the syllabus
- Get Academic calendar of Events from Bangalore University
- Update the faculty list with qualification, experience, research papers, conference /seminars attended in last six months students guided for projects /M.Phil./PhD during last six months, papers published, research projects submitted.

STEP 2:

- Allot subjects to faculty and prepare the schedule indicating the details of subject code, unit numbers, etc.
- Prepare the schedule for National conference on them of Industry 4.0

STEP 3:

- Each faculty has to prepare the course files with the following item.
 - Individual syllabus copies of the specific subject being handled by the faculty Lesson plan
 - Lesson plan for their respective subject with specifics of each topics supposed to be delivered in each lecture hour
 - list of assignments topics to be given to the students based on its importance both in terms of content and exam point of view
 - List of guest lecture to be arranged on the difficult topics as per the syllabus subjects, and Current trends in Information Technology
 - Industrial visits are planned and to be organized for our students like Infosys, KSNDMC, RBI, IIITB Bangalore.
 - Notes to be prepared and shared to students for every subject with highlights on important topics with regards to examination
 - Internal exam to be conducted in the month of September
 - Previous year Question papers to be circulated and discussed with students. Students are expected to practice and get well versed with the old question papers.

- List of reference books to be recommended for students specific to each subject by the university.
- Co-curricular activities related to environment awareness and marathon to be organized

STEP 4:

Prepare the schedule for Internal Assessment Exams.

Prepare the schedule for list of Guest lecturers.

Prepare the schedule for Industrial visit.

STEP 5:

Prepare the general time table and faculty time table.

STEP 6:

Update the six month planning sheet.

ADVISORY COMMITTEE MEETING

Meeting with external expert nominees

Members present: Dr. S. T. Girish

Associate Professor
Dept. of Microbiology & Biotechnology
Bangalore University
Innambur Campus, Bangalore

Girish
26/10/17

Faculty present Dr. Somai Chaki

Mr. Abhirup Ganguly *(Agarwal 26/10)*
Dr. D. M. Mahishi *(26/10/17)*
Mr. George Santhosh

Topics discussed: Dr. B. Sasirekha *26/10/17*

- 1) Motivate BSc students for pursuing higher studies in Biotechnology, Microbiology or any subject of Life Sciences.
- 2) Group discussions & seminar for BSc students.
- 3) More industry visits for BSc.
- 4) Small projects on mushroom culture, vermicompost etc.
- 5) Intercollegiate event competitions to be conducted (Each college two students & faculty).
- 6) Open house day should be conducted for BSc & MSc students for laboratory visits in college.
- 7) Augmentation program can be on "Bioinformatics" for BSc students.
- 8) "National Science Day" with the degree colleges in the surrounding area.
- 9) One day workshop for degree college faculties.
- 10) Atleast one Job fair to be conducted at ABBS for Biotechnology students.

Acharya Bangalore B SchoolDepartment of GeneticsDepartmental Advisory Board 2017-2018

Departmental advisory board meeting was held on 14.8.17

Members present

Industry nominee :Dr.Rijesh

Senior Scientist, CredoraLifesciences

Faculty nominees:Dr. B. Sasirekha

Mrs. S. Saumya Krishnan

Agenda of the meeting

- ① Departmental Infrastructure is excellent.
would be better if students can form clusters and
perform inhouse R&D,
- ② Students may be encouraged for Industry training
capsules (less than a week duration)
- ③ May also help them to bring about some R&D
outputs.

ADVISORY BOARD MEETING 2017-2018

Meeting with industrial nominees

Members present: Dr. Mukti Nath Mishra
Bhat Biotech India (P) Ltd.

Mukti
17/08/2014

Faculty present
Dr. Soma Chaki
Mr. George Santosh

Topics discussed: i) Augmentation program on "Medical Diagnostics" for B.Sc. Students.

Suggestions:

- ① PCR test → It will use in molecular diagnostic field.
 - ② Spectrophotometry / nanodrop for quantification of DNA, and RNA and protein
 - ③ Restriction digestion study require
 - ④ Western blotting and dot blot can be done.
 - ⑤ ELISA study practical study also require
 - ⑥ Cervical DNA Extraction, Plasmid DNA isolation.
- ⇒ All above study require for a practical knowledge for industrial purpose.
- ⇒ All above knowledge has a great advantage in molecular diagnostic field.

27-09-21

Dear Madam,
 Greetings!!!

Sub: Inputs for the AY 2021-22-reg

I first of all thank the management and the Program coordinator for giving an opportunity to give our valuable inputs for the Undergraduate program offer by your Institutions.

The key areas as you suggested:

1. **Academics:** UG courses are typically three or four year programmes that begin after the completion of the 12th grade. PG, on the other hand, stands for Postgraduate, and it is usually for one or two years. An academic programme is a collection of courses and related activities designed to achieve specific learning objectives. Create a course that will help students become more job-oriented.
2. **Student Research:** What else can be done to improve the quality of undergraduate students' research, aside from developing their research and research-related skills and providing adequate opportunities to apply those skills? What benefits can be gained by incorporating information literacy (IL) requirements into the curriculum? These are the issues that the Enquiry at various universities are looking into. One important aspect of this is the role that assessing IL requirements can play in the process of integrating IL into programmes and improving the quality of students' research outputs.
3. **Career opportunities:** the most effective way to instil trust Undergraduate for career purposes. While teaching in the classroom, we must expose the ongoing topics for discussion and solicit their feedback in order to troubleshoot them. Have a curriculum that is practical in nature. At each stage of the course, they must communicate the importance of the topic they are studying and connect with job-related courses.
4. **Internships :** An internship is a professional learning opportunity that provides meaningful, hands-on work related to a student's field of study or career interest. A good internship: A part-time or full-time work schedule with no more than 25% clerical or administrative duties is required. Internships are job training programmes that typically last 10 to 12 weeks, or the length of an academic semester. Internships as a Research Assistant, a Social Media Intern, and a Lab Assistant.

4. **Workshops:** Workshops are typically led by a member of the teaching staff who presents themes and concepts or the development of a skill related to the course of study. Workshops may be more hands-on in nature, but they also allow for discussion, interaction, presentation, and debate on a given topic.

Having mentioned the above points, it all depends on the course.

Thank you.

ACHARYA BANGALORE B SCHOOL

MBA PROGRAMME

SESSION PLAN

COURSE NAME: Marketing for Customer Value

COURSE CODE: 1.5

SEMESTER: 01

COURSE CREDITS: 04

COURSE OUTCOMES:

CO 1: Students will be able to understand the basics of marketing.

CO 2: Students will be able to design and implement marketing plan.

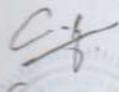

CO 3: Students develop skills to create customer value

CO 4: Students will be able to optimize resource utilization for greater customer satisfaction.

CO 5: Students will imbibe sustainable marketing practices.

CE : Class Room Engagement : Class room teaching and Learning includes – Theory sessions, situations & case discussions, presentations, in – class exercises, continuous internal assessment, Q&A Sessions etc.	40 hrs
DL : Direct Learning : Experiential learning, Laboratory Sessions, Project Works, Guest Lectures, Role-plays, Industrial visits etc.	16 Hrs
Total :	56 Hrs.

(Note: The total number of Hrs, must match with Summation of all the hours Module wise as per Bangalore University syllabus)

Dr. R. S. Basavappa

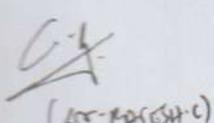

SESSION PLAN:

Session No	Topic Name	Reference Book/Text book	No of Sessions	Cumulative hours (total should be 56)	L/T/P (Lecture, tutorial, practical)	Assessment tools	CO
1 - 3	Importance of marketing, Core marketing concepts	Kotler, Keller, Koshy and Jha: Marketing Management. Pearson Education, Latest edition	3	3	Lecture And mini case study	Q & A	CO1
